Intended recipient	For checking the document’s regime and handoff to the authorised service; not an apostille.
How to use	First confirm applicable requirements, then obtain the required authentication and translate all additional endorsements.
What remains to be done	Provide the original. The competent authority authenticates; do not order an unnecessary procedure before checking its necessity.

Preparation and filing are different stages. DEMO contains no submission, certification, appointment booking or authority decision. Before an actual order, preparation scope, professional participation, delivery method, timing and price are agreed explicitly.
