Medical certificates

Case	DEMO-CASE-001
Intended recipient	For the healthcare institution to arrange an examination; not a medical certificate or finding.
How to use	Send the request with the receiving organisation’s requirements and arrange the examination type and time.
What remains to be done	Attend personally. The clinician assesses health and issues the finding; preparing the letter does not replace that work.

Preparation and filing are different stages. DEMO contains no submission, certification, appointment booking or authority decision. Before an actual order, preparation scope, professional participation, delivery method, timing and price are agreed explicitly.
