Official document translation and certification

Case	DEMO-CASE-001
Intended recipient	For the client and court translator to review. It is an uncertified translation text, not a finished certified copy.
How to use	Compare source and translation for names, dates, record number and seal. Where certification is required, the court translator reviews and issues their version.
What remains to be done	Provide the complete legible source. Name spellings must be confirmed against records; the translator’s seal and signature are not simulated.

Preparation and filing are different stages. DEMO contains no submission, certification, appointment booking or authority decision. Before an actual order, preparation scope, professional participation, delivery method, timing and price are agreed explicitly.
